

## CHAPTER 26

### WISH FULFILLMENT/DREAM INTERPRETATION

#### Overview:

All internal or external conflicts upsets or loss of peace, can be traced back to a person's underlying wish or desire. All judgments are formed from how well or poorly existence satisfies these desires or fails to fulfill them. Until a person learns to accept life as it is and become attuned to Creations' Desires of Extension, they will run on an endless egoic treadmill. This creates frustration, dissatisfaction and constant states of "clinginess."

#### WISH FULFILLMENT / DREAM

#### INTERPRETATION

Allow yourself to feel at ease and to find a comfortable position to discover an inner sense of relaxation...orienting your attention in such a way as to become absorbed into the space in-between your thoughts, feelings, images or inner dialogue. By itself this may lack any clear meaning, yet as you experience this spatial gap and allow a free flowing movement of perception to pass by... while you just watch...you may be surprised...as to what else...these initial thoughts...are linked to...exposing a much different picture...than initially was expected - like a dream unfolding...what at first may seem confusing or nonsensical...
