

CHAPTER 60

OPENING YOUR INNER SPACE INDUCTION

Overview:

The nature of this universe is to bring order to chaos. Order has sequences to keep it in balance to maintain a sense of inclusion and harmony. When exclusion occurs there is entanglements and confusion. This induction works best when done after a Hellinger constellation, but not required.

OPENING YOUR INNER SPACE INDUCTION

Have you ever looked up into the sky and seen a group of grey and darkened clouds that soon began to release the water molecules being held, first gently and then more heavily upon you? Have you ever stood, sat or laid down while feeling a gentle rain fall upon your body, while you watched the dark clouds slowly is, pushed away by the winds of time and space? Ah, yes the perpetual movement of life and existence, soon the clouds move away, with each breath of your exhalation, flowing freely and like a wind, pushes away the dark yet timeless in its pursuit, clouds, until the downpour slowly subsides, faster than you imagined a clear blue sky replaces the once cloudy view.
